

# Food Management & Team Leading Excellence

## Understanding the Need for Development

CQM Training & Consultancy Ltd have responded to the productivity and skills requirements of the Food Industry by developing highly responsive and tailored solutions to Team Leading and Management Development requirements. Our programmes tackle the unique matters which relate to improving performance in a food management environment. Often those promoted to a management level have highly valued specialist skills, but are yet to develop the ability to confidently manage people and teams.

## Industry Focussed Management Development

These multi-faceted food related programmes of development enable us to build leadership and team leading capabilities and skills. They also enable us to develop the essential tools needed to drive productivity improvement in both people and processes.

## Delivering Food Management Excellence Skills

We use a combination of extensive on site coaching and practical workshops that deliver what our hundreds of clients in the food industry tell us they want: sustainable behavioural shifts and culture change, more confident and competent management, practical projects with a measurable productivity impact.

- **Proficiency in Food Management**

Our flexible programme is tailored to provide food manufacturers with a unique blend of business management competencies and technical food management skills set in a business context. CQM T&C's innovative programme will motivate and engage your teams enabling them to manage relationships more confidently, and drive the business forward to achieve key objectives.

- **Proficiency in Food Team Leading**

A great entry point to develop core team leadership skills, this programme is specifically designed to improve team performance, whilst developing the skills and knowledge required to demonstrate superior team leading abilities.

Training Programmes:

**Proficiency in Food Management, Proficiency in Food Team Leading**

Ideal Candidates:

**Senior Management, Executive Coaches, Team Leaders, First Time Managers, New Team Leaders**

Training Route:

**Full Fee Consultancy or Part Funded Qualification (RQF) / Apprenticeship**

Level of Delivery:

**L2 & L3**

Sectors:

**Food & Drink  
Manufacturing and Supply Chain**

## Typical Outcomes

Each programme is designed with you after careful scoping on site. The measurable impact is delivered through agreed projects which are monitored through a Performance Improvement Plan (PIP) and agreed with you in advance. However, in general the business can expect to benefit from:

- Enhanced team leading and management skills
- High performing teams with enhanced cross functional communication skills
- Improvement of technical controls, quality assurance and business systems
- Effectively respond to the demands of Customer Audits
- Changed behaviours to drive company values
- End to end projects aligned to business objectives
- Greater awareness of equality & diversity, safeguarding issues, and inclusion

## Guaranteed Return on Investment

With a focus on sustainability and measured improvement, our development programmes always guarantee a significant Return on Investment, seen not only through financial gain, but importantly through positive behavioural change.

## Flexible Delivery Model

We pride ourselves in offering the solution to suit your requirements. Therefore we can deliver full fee consultancy, or accredited qualification based training and adult Apprenticeships which can be part funded. If considering the qualification route we are partners with FDQ who developed the suite of Food Management & Team Leading qualifications.

Our highly experienced team of experts deliver all of the training on site at your organisation. We work closely with you to establish a convenient and viable schedule of release for those participating on the training.

## Additional Areas of Expertise

Our skill lies in identifying the current and ongoing needs of your business. To find out how we can further assist in developing your staff please ask for information on our range of programmes which focus upon Lean/Continuous Improvement, Business Improvement Techniques, Strategy Development and Project Based Consultancy work.

**“CQM T&C’s training initiatives have helped to develop our First Line Managers beyond expectations. It has become an integral part of our manufacturing strategy and the impact is noticeable in all operational areas. With this training both the individual and business have been able to realise their goals.”**

Bryan Hurst,  
Training Manager, Bernard Matthews
